

# **BENTLEY BUZZ**

## **MONTHLY NEWSLETTER**

### **BABIES ROOM**

The discover's room explored sensory play with paint! This provided the opportunity for the children to touch, spread and explore paint with their hands supporting the development of their fine motor skills while satisfying curiosity.

### **TODDLER'S ROOM**

The exploreers have been learning about machines and have been watching them drive! With the garden renovations being under taken, the children were fascinated by the the different machinery and what their purpose was!

### **KINDY ROOM**

The inventors have put on their boots and loaded up their rods to go fishing! The children enjoyed fishing with pop sticks and pipe cleaners, exploring the different animals they were able to catch!

## UPCOMING DATES AND EVENTS

**3rd - 6th April**

### EASTER WEEKEND

In the lead up to Easter we will be doing loads of Easter activities!

**2nd - 13<sup>th</sup> April**

### NATURE WEEK

This week we will be focusing on our natural environment as a place to explore and play!

**25th April**

### ANZAC DAY

Remembering the ANZACs and their role in Australia's history.

## STAFF HIGHLIGHT

This month we want to recognise Reshma! She always brings a positive can-do attitude to the centre that brightens our day. Reshma plays a big part in organising the centres decoration and art. Thank you Reshma!

## AROUND THE CENTER

The theme for March was "In the Sky". We experimented with kites, bubbles, DIY hot air balloons and paper planes! Through these activities children began learning science concepts such as gravity, cause and effect, and air movement. These activities were well loved and sparked curiosity.

## OUR TEAM

We celebrated Tayla's birthday at the centre. Turning 21 is special and fun experience. We decorated the cot room and surprised Tayla with her presents while the children sang her happy birthday.

We hope you had a special day Tayla!

## NOTE TO PARENTS

This April there are a number of public holidays and as a reminder, we will be closed for them. Please reach out if we can assist with swapping days.

Our kindy garden has been completed! We are so happy with how it looks and believe it is such a huge improvement. The children loved watching the digger lay the fresh mulch. Thank you Karl and Andrew for your overtime on the weekends to complete this project!
